

The Oxted Runners Summer Series 2017

It is back! Like last year, only better – we have added an extra race.

The Summer Series is a set of seven 10k races which culminate in the Club Championship in September. There will be four mini-prizes at each race – fastest woman, fastest man, fastest woman (age-graded) and fastest man (age-graded). Even if you don't get a prize, you will get a flapjack!

Slightly bigger Summer Series prizes will be awarded at the end of the summer, with your best three results to count. The extra race this year should see more runners in with a chance of the Summer Series awards.

The 10k distance means that the races are accessible to everyone. If you have never raced, you should consider having a bash. Racing is a lot of fun – a properly timed event, a good course, a good chat with the other Oxted Runners and everyone else at the finish. Have a look at last year's race reports on the website: <http://www.oxtedrunners.org.uk/club-race-series-results-2016/>

Enter one of these races and you will automatically be 'in' the series. Enter, when the races open, either through the event websites, or through Runners World (www.runnersworld.co.uk), or other agencies. Please remember to put 'Oxted Runners' on the entry form (so that the results will be properly classified and easy to search) and please remember to let Simon or another committee member know that you are running (so that we can bring the right number of flapjacks).

You can also find the programme on the Oxted Runners website – go to www.oxtedrunners.org.uk/racing/club-race-series. We will also post the race reports here as the season unfolds.

The 2017 Summer Series Programme

When	What	Where	Website
12 Mar	Woldingham 10k	Woldingham School	www.triproject.co.uk
2 Apr	Sevenoaks 10k	Knole Park, Sevenoaks	www.sevenoaksrotary10k.co.uk
