

THE OXTED RUNNERS SUMMER SERIES 2018

Spring is here....nearly. Time to start sorting out your summer programme. To save you hours of trawling through Runners World listings, we have sorted out our Club summer 10k programme.

The 10k distance means that the races are accessible to everyone. If you have never raced, be assured that for nearly all of us they are 'festivals of running'- we know we are not going to win. Racing is a lot of fun – a properly timed event, a good course, a good chat with the other Oxted Runners and everyone else at the finish. Have a look at previous year's race reports on the club website:

<http://www.oxtedrunners.org.uk/racing/club-race-series/>

The Summer Series is a set of seven 10k races which culminate in the Club Championship in September. There will be four mini-prizes for each race – fastest woman, fastest man, fastest woman (age-graded) and fastest man (age-graded). Even if you don't get a prize, you will get a flapjack! Slightly bigger Summer Series prizes will be awarded at the AGM in November, with your best three results to count.

Enter one of these races and you will automatically be 'in' the series. Enter, when the races open, either through the event websites, or through Runners World or other agencies. Please remember to put 'Oxted Runners' on the entry form (so that the results will be properly classified and easy to search) and please remember to let Simon or another committee member know that you are running (so that we can bring the right number of flapjacks).

You can also find the programme on the Oxted Runners website – go to www.oxtedrunners.org.uk/racing/club-race-series . We will also post the race reports here as the season unfolds.

The 2018 Summer Series Programme

When?	What?	Where?	Website?
25 Mar	Woldingham 10k	Woldingham School	www.triproject.co.uk
